REMARKS

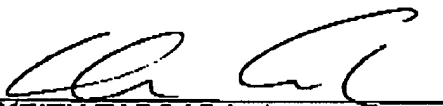

The Applicants have amended paragraphs [0014], [0016], [0017], [0020], [0031] and [0037] of the specification to correct minor errors. Figures 1 and 5 have been corrected. The line connecting items 126 and 124 has been shortened in Figure 1. The leader for reference numeral 512 has been moved to identify the PR bar in figure 5. Replacement sheets are enclosed.

The Applicants believe the amendments are fully supported by the specification and drawings and that no new matter has been entered. Consideration of this application and its swift passage to issue are earnestly solicited.

If the Examiner believes that any unresolved issues still exist, it is requested that the Examiner telephone Keith Taboada at (732) 530-9404 so that appropriate arrangements can be made for resolving such issues as expeditiously as possible.

Respectfully submitted,

Sept 28, 2004
